3. SAFETY GUIDELINES

3.1. Student travel may require the use of various modes of transportation. Each form of transportation requires students to follow common and mode-specific safety precautions. In addition to following applicable international, federal, and/or state laws, and using sound judgment when traveling, students must follow the provisions set forth in 13.04.99.D1.01, *Student Travel Procedures*, according to the specific mode of travel involved and travel conditions.

3.1.1. Possible Modes of Travel:

- a. Rental vehicles: Students traveling using rental vehicles must comply and abide with all university and rental provider rules, regulations, and stipulations;
- b. Vans: Only vans with a standard maximum capacity of 10 passengers or fewer will be approved for travel. Nothing may be loaded on top of the van and all cargo should be loaded evenly, not to be stacked higher than seat level;
- c. Personal Vehicles: The driver must have adequate motor vehicle insurance, and the vehicle must meet all state safety and registration requirements
- d. Commercial Carrier: Students traveling by commercial transportation must comply with all rules specific to the carrier. This includes laws and regulations regarding carry-on luggage and weight restrictions.

3.2. Operators and occupants must abide by all federal and state laws. In accordance with state law, drivers and passengers must use seat belts or other available safety restraints.

3.3. Operators must possess a valid state-issued driver's license that is appropriate for the classification of vehicle that is driven.
