CENTEX
TECHNOLOGIES[®]

WHO WE ARE

Founded in 2006 and headquartered in Killeen, TX, Centex Technologies is an Information Technology consulting firm specializing in Cyber Solutions, DevOps, and Digital Marketing. With over 18+ years of industry experience, our certified team's commitment to excellence and innovative approach positions us as a leader for both regional and national clients in the public and private sectors.

OUR MISSION

We enhance the business of our clients by creating secure, innovative, and efficient solutions.

WHAT WE DO

We specialize in Cyber Security, Digital Transformation, IT support, and Custom Application/Website Development. We provide the services organizations need to move forward in today's digital world.

OUR CORE VALUES

Family

Family comes first. We're a team rooted in family values. We care and want the best for our employees and our clients.

Empower

It's important for us to empower our employees with the knowledge, tools and resources they require; this empowers our clients with the solutions they need to succeed.

Transparency

Being open and honest with our clients is our priority. Transparency is the foundation for a good business relationship.

Trust

Trust is built on actions. Everything we do will always be done in the best interest of our employees and our clients.

OUR PARTNERSHIP WITH TEXAS A&M UNIVERSITY - CENTRAL TEXAS

TAMUCT and Centex Technologies Collaboration

TAMUCT was awarded the IoT cybersecurity research grant by the Department of Homeland Security and U.S. Air Force in 2020.

TAMUCT partnered with Centex Technologies to conduct IoT cybersecurity R&D the same year.

To date, Centex Technologies has published one (1) research paper, with another three in the submission process, and more under review.

In partnership with TAMUCT, Centex Technologies offers digital forensics internships that provide students with real-world experience in digital investigations using industry-standard tools and techniques.

Our capabilities empower local and state law enforcement to conduct enhanced digital investigations.

Centex Technologies - Digital Forensics Team

Scott Lorenz - Chief Forensics Analyst
Stanley Stinehour - Forensics Analyst / Lab Manager
Naciye Celebi - Data Research Associate
Nurettin Senol - AI Research Associate

THE FUTURE OF CENTEX TECHNOLOGIES

ENHANCING PRESENCE IN THE FEDERAL SPHERE

We aim to significantly elevate our engagement within the federal domain through strategic partnerships and demonstrating our unique value proposition to federal agencies.

INCREASING FOOTPRINT IN CYBERSECURITY AND AI

We plan to expand our footprint in the rapidly evolving fields of Cybersecurity and Artificial Intelligence.

FOCUSING ON GOAL-ALIGNED COLLABORATIONS

We place a strong emphasis on cultivating collaborations with companies that share our vision and values, allowing us to create synergies that amplify our impact and foster innovation.

EXPANDING SERVICES IN CENTRAL TEXAS

We are set to broaden our expertise and offerings in the areas of digital marketing, development, and cybersecurity within the Central Texas region. This growth plan is part of our commitment to serve the evolving needs of clients locally and on the national level.
